GEOGRAPHIC BARRIERS ARE REAL!

While there are many opportunities to connect with locals and participate in support programs in the big cities, many refugees are located in rather rural areas where there is not enough help.

MENTORING FOSTERS INTEGRATION!

Mentoring enables an expansion of one's professional network, enhances self-esteem and provides local insights.

INTERCULTURAL EXCHANGE IS A TWO-WAY STREET!

You have the chance to make a huge difference to a refugee while also learning about a new culture and developing your own skills and knowledge.
